

## **Judge 1**

### **James Lee - International Mister Leather 2018 (Lexington, KY, USA)**

Living life to the fullest, and learning along the way, is James's aspiration in life. He tries his best to follow three rules: Have Fun, Respect, and Never Give Up. James believes in surrounding himself with people that challenge him for the better. Sharing his life lessons and whimsical attitude, James works hard to give back to his community in and out of leather.

He's a coach/choreographer for Hip Hop, Cheerleading, and power tumbling. James is a friend and mentor to his athletes and their parents. James's Chosen and Bio family is his support system, and most precious treasure.

James seeks to create an experience in the community that doesn't exclude but includes everyone that has passion for the community and lessons to learn, thus creating journeys that will grow the Leather community as a whole.

"Show the world your moves; who knows you just might move the world."

Why Chase diversity and inclusion when it should be chasing you.
